Dear Hiring Manager,

I am thrilled to apply for the Software Engineering position at Elewa. Having recently completed an intensive 6-month Software Engineering bootcamp at Moringa School, I am well-equipped with the skills needed for this role. My proficiency spans both front-end and back-end development, honed through hands-on experience in creating full-stack applications. I am confident in my ability to meet the technical requirements and challenges of the position.

Elewa's dedication to leveraging technology for positive social impact resonates deeply with my professional goals. The company's commitment to innovation and collaborative work culture is something I deeply admire. I am eager to be part of a team that shares my passion for using technology to drive meaningful change. Working at Elewa presents an exciting opportunity for me to contribute to impactful projects while furthering my growth as a software engineer.

The opportunity to work at Elewa aligns perfectly with my aspirations to work on projects that push the boundaries of what is possible in software development. I am enthusiastic about the chance to bring my skills to a team that values creativity and innovation. Regarding remuneration, I am expecting a salary of at least KSh25,000. However, I am flexible and open to negotiation, with expectations aligned with industry standards for junior software engineers. Thank you for considering my application, and I look forward to the possibility of contributing to Elewa's mission.

Sincerely,

Joses Syanwa Wasike
